## EMPLOYEE SPOTLIGHT

Ken Shetron

What was your starting position, and with which company?

Carpenter with eciService when everything was just ECI. I have worked for eciService, eciWireless and eciConstruction at various times. I have also logged time with eciGroup, eciResidential and Midstate jobs.

What is your current position, with which company?

Currently I am President of eciService.

How long have you worked at eci?

20 years total. I did 3 years then took a year to try self-employment again, then came back.

What is your favorite thing about your job and the company you work for?

The variety....No two days are the same. I think I have a schedule set and with one phone call everything changes. I also think it's important to share some of the knowledge I've acquired over all the years of tearing apart and rebuilding structures

What are your hobbies?

I enjoy hunting, fishing, my wife and I like to site see and visit local wineries.

What is something about you that your co-workers might not know?

Some secrets are best kept secret, lol.

If you were stranded on a deserted island with only one thing, what would you take?

A satellite phone....I'm off that island as soon as possible!

## RF FAGER DISTRIBUTION CENTER

Here is an update on the RF Fager Company Distribution Center across from the Mavis Discount Tire in Dillsburg.

# eciConstruction

## MIDDLESEX ELEMENTARY SCHOOL

eciConstruction is finishing renovations on Middlesex Elementary School in Carlisle. The renovation process began with selective demolition throughout the elementary school. Renovations on the school included painting each room, replacing ceilings, adding new marker/tack boards, renovating restrooms, selective floor replacement, improving ADA accessibility, improving exterior sidewalks, and cleaning the exterior of the building along with masonry restorations.

Brian Imler was the Project Manager, and Patrick Gillis was the project's superintendent.
