**Opponent:** Dillsburg Diamondback Challengers – a team that teaches those with intellectual, physical, and emotional disabilities. These individuals are given a chance to learn and play baseball. An activity they otherwise would not be able to participate in. They are taught the fundamentals while having fun doing it. Their ages range from 7 to ??

**Date:** Thursday May 30

Time: 6PM

Location: The field next to the Carroll Twp. Bldg. 555 Chestnut Grove Rd Rear, Dillsburg, PA 17019

This game isn't just about winning; it's about camaraderie, sportsmanship, and ensuring the Diamondback Challengers have fun! Whether you're a seasoned pro or just starting out, we want everyone to join in on the fun.

## If you could have any super power for a day, what would it be and why?

Teleportation would be pretty helpful to save on time spent walking and driving

# How do you spend a majority of your free time?

Usually my free time is spent doing things with my wife and kids, and doing projects around my house.

# What is your favorite "dad-joke" or pun?

Why does a duck have tail feathers? To cover its butt quack.

### What is your guilty pleasure TV show or movie?

Any of the Fast and the Furious movies. They are unrealistic and outlandish, but I can't turn away from watching them.

# FOOTER

consist of 5 men on a crew. 1 footer foreman, 1 layout foreman, and 3 concrete mechanics. ECI has 2 full fledged footer crews. Our footer crews go to all job sites that require footers and poured walls. The footer crews show up and pre-tie all the rebar needed to be installed in new excavated footer trenching and poured walls also. Lay out

foreman download all information off a CAD file into our one man station units - this allows our layout men to be a one man show.

Layout foremen lay out footers by spraying layout paint on established sub-grades for our excavators to dig to. We use both footer crews at the beginning of every job or when needed later in the project.

"There is nothing more important than getting our jobs off to a good start. You have to build things correctly and so it is important to trust and rely on our own experienced personnel and not have to rely on outside sources. Our crew is intelligent, hardworking and cares about what they do."

- Mark Yinger, President eciConstruction

"People don't realize how important these guys are - they can't just trust that every drawing is perfect. They need to go back and look at every little detail to ensure perfection. It is hard, when you have the large footprint of the project, it can be a fulltime job in and of itself to document everything."

- Chris Lengle, General Superintendent

#### **Progress Update**

At the moment, **eci**Construction is actively involved in three Commonwealth Charter Academy projects, including the one in Carlisle. The Academy's educational philosophy revolves around meeting students at their own pace and customizing their learning journey. This project marks a significant milestone for Steve Brymesser, who is celebrating 10 years back at **eci**Construction, returning from Tennessee, for making for a total of 21 years. We are happy to have you Steve!

Scott Eichelberger and Chris Hinton recently attended the Cumberland Perry Area Career and Technical School career fair. **ec** Construction was featured in the Construction, Maintenance and Advanced Manufacturing section of the event. There were two, hour long sessions held and students were eager to speak with Scott and Chris to learn about potential employment opportunities!

#### SAFTEY TRAINING

ECI's latest cohort of employees underwent safety training last week, led by Craig Shaffer, our Safety Instructor. Craig ensured that both seasoned workers and new faces were well-versed in the crucial protocols that underpin safety in our industry. Ultimately, safety isn't just a buzzword—it's a commitment to each other, to our clients, and to the communities we serve. It ensures that every individual returns home unharmed at the end of the day, ready to tackle the challenges of tomorrow with confidence and peace of mind.

NEW INDIVIDUALS

"I hope that in this year to come, you make mistakes. Because if you are making mistakes, then you are making new things, trying new things, learning, living, pushing yourself, changing yourself, changing your world. You're doing things you've never done before, and more importantly, you're doing something."

- Neil Gaiman
